St. John is a place where faith and family soar!

Founded in 1916, St. John Lutheran School is a Pre-K through Grade 8 center of learning that provides diverse learners a Christ-centered, learner-focused, academically excellent education and is dedicated to child well-being so that learners prioritize personal academic growth focused on spiritual, emotional, social, and physical wellness. This is accomplished through an immersion in a Christian environment, purposeful friendship, academic excellence, and connectedness as learners prepare for service to God and others.

Dear Mom, I  You!

Summer music lessons are coming to St. John!

Miss Donna is part of the summer program this year and she's offering one-on-one and small group lessons on Wednesday and Thursday, June 12 - August 17. Time slots start at 2 p.m. in the school library. You don't need to be part of the summer program to sign up (let your friends know!). Learn to play the guitar, keyboard (piano), ukulele, or violin. Learn more about singing and playing rhythm techniques, too!

The cost is \$20 per week for each 30-minute one-on-one lesson. Learn with a friend! Small group lessons are also available. Cost varies by instrument and the amount of time spent together per lesson. Text or call Donna at 989-306-3951 for more information and to sign up for your time slot!

STARFISH

Do You Want to...

... improve your personal relationships – with your spouse, children, relatives, and friends, and grow leadership in your home?

... improve your professional relationships – move ahead at work or your chosen career, start your own business, and grow your leadership skills?

... help your church and/or other charities close to your heart?

... be part of a Christ-centered community of service?

Miss Donna invites you to come on Sunday, May 21 at 1 p.m. to the 6-7-8 grade room at the school (come to the front door) to find out more about how Starfish can help you do all of this and more.

Holger Spiewak is coming up from Davison, MI to share information and answer questions. He came to the USA to pursue higher education and has one master's degree earned in Germany and two earned in the USA. He and his wife Lindsey have seven children and are leaders in the Starfish community. They credit the community for giving them a positive perspective on life and helping them grow spiritually.

Come, join us for a short presentation and Q & A forum. Share this with anyone you think may be interested and bring them along!

Reservations are not required but please text (or call) Miss Donna at 989-306-3951 so we know you're coming. See you on Sunday!
