Drills Have Begun

We held our first fire drill at 10:00am on September 14. All of the students did a wonderful job.

St. John is a place where faith and family soar!

Founded in 1916, St. John Lutheran School is a Pre-K through Grade 8 center of learning that provides diverse learners a Christ-centered, learner-focused, academically excellent education and is dedicated to child well-being so that learners prioritize personal academic growth focused on spiritual, emotional, social, and physical wellness. This is accomplished through an immersion in a Christian environment, purposeful friendship, academic excellence, and connectedness as learners prepare for service to God and others.

Our Code of Ethics

A promise to students and parents about the treatment of disciplinary situations.

1. I believe that every attempt should be made to maintain the dignity of both the adult and the student.
2. I believe that students should be guided and expected to solve the problems they create without making problems for anyone else.
3. I believe that students should be given the opportunity to make decisions and live with the results, whether the consequences are good or bad.
4. I believe that students should have the opportunity to tell their side of the story (due process hearing) when consequences appear to be unfair.
5. I believe that misbehavior should be viewed as an opportunity for individual problem solving and preparation for the real world as opposed to a personal attack on the school or staff.
6. I believe that there should be a logical connection between misbehavior and resulting consequences.
